

Info pack: International youth summer camp:

LET'S BE ACTIVE AND RESPONSIBLE FOR OUR NATURE

Date for activities: 22.08.2019 - 29.08.2019

Place: Rujiena, LATVIA

You are welcome to join to our international summer camp “Let’s be active and responsible for our nature”. Rujiena municipality is friendly and active city to cooperate with different World countries. Idea about international camp was born after strong cooperation with Japan (Higashikava) students, Bulgaria (Sofia) youngsters, Turkish (Amasya) youngsters and many other friends with whom we have cooperated in Erasmus+ youth exchange and Voluntary programs about dancing, music, environment, bullying, theater, youth work and other.

Our young’s can’t wait to meet your youngsters and spend one unforgettable week together with them. If you are interested to become as partner and to give your young’s a possibility to travel and participate in this international camp please contact me till end of December 2018. We are planning to make 2 international camps. One will be 26.06.2019 – 02.07.2019 and second will be 22.08.2019 – 28.08.2019.

We are inviting our cooperation partners from Turkey, Bulgaria, Japan, Germany, Hungary, Estonia, Sweden, Italy and Russia.

About our City...

The town Rujiena is located in northern Latvia, near the borders with Estonia, in the historical region of Vidzeme (anciently part of Livonia). It is 50 km away from Valmiera, 91 from Pärnu and 152 from Riga. It covers an area of 18 km², and the population is around 3377.

In Latvia, Rujiena is known for its delicious and multi-flavored ice cream. We're often called the ice-cream capital. We think of ourselves more as an art-loving town. Several nationally and internationally known artists were born in Rūjiena. We have several art studios, an art school, and the town is decorated with art on the houses and infrastructures.

We connect the future of our town with the art industry and we are committed to the development of the Art Centre, saving and restoring our old wooden buildings, maintaining environment and a green zone. The Green Town of the Arts — that is how we would like to call ourselves.

We would like to live in a town in which the inhabitants feel comfortable and satisfied with life and are proud of their town. We also would like tourists to remember Rūjiena as a clean and friendly town in the north of Latvia.

About summer camp "Let's be active and responsible for our nature"

Dates for camp activities: 22.08.2019- 28.08.2019

Arriving: 21.08.2019

Departure: 29.08.2019

Participants: 5-7 participants per country (age 13-15) and one youth leader (age 24+) who will participate also in activities. Young's interested in the topic of language learning, outside activities, environment, international events, motivated to participate actively in the camp. Participants will be selected by National partners.

Working language: English (but it's also not a problem if you or someone of your group have not a good knowledge of it). This camp will help to young people more understand why they need to learn new things and to generate their own ideas, to find interesting hobbies what can be their future work field. Working together in international team by using other languages will open new view to unknown world and new cultures.

If in your group will have persons who don't speak English you have to find support person who can help to communicate with others. Our project will be more self-expression by languages, games, canoe, trail in the trees, sport and culture etc. – all that will help young people without any special English knowledge to integrate.
